50W RECHARGEABLE LI-ION BATTERY PLASTIC WELDING AND HOT STAPLER KIT

CONTENT:

- Plastic welding tool, Max. temp. 932 degree F (500 degree C) and protection cap.
- Replacement tip for Plastic welding with stainless pipe guide, Max. Temp. 788 degree F (420 degree C)
- Replacement tip for hot staples, complete to bridge the cracked area together in few seconds
- 12 pcs of plastic welding rods, 150mm in length each rod, including ABS/PP/PE/PS material
- 3 pcs of reinforcing stainless steel wire mesh, 50mmx100mm
- 50 pcs of flat staples, alloy wire 0.8 mm in diameter + 50 pcs of flat staples, alloy wire 0.6 mm in diameter, both not breakable
- USB charging cord set + safety stand

FEATURE & APPLICATION:

1. Cordless and lightweight with durable anti-slip rubber grips
2. Inbuilt LED light to illuminate soldering area
3. Inbuilt safety switch and cap for safety switch
4. Ideal for automotive repair soldering and shrinking
5. Safe protection for overcharging, over discharging, short circuit and ESD(Electrostatic Discharge)

Working Time (min)	40
Time to start	8 secs
Charging time	3.5hrs
Charging cord	100cm USB to Micro-USB
Power	Lithium ion battery (2500mAh)
Max Temperature (°C)	500

8" FUEL & AC DISCONNECT PLIERS

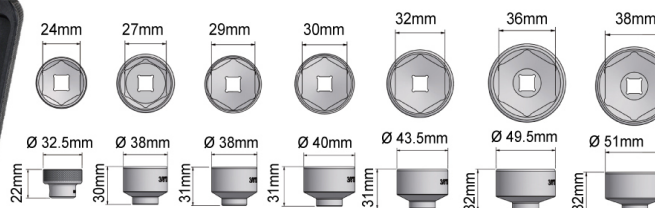

OF-9076A / 9076C

9076A 3/8" DR. 7PCS HEX OIL FILTER WRENCH SET-24/27/29/30/32/36/38MM

- Oil filter wrenches made of sturdy forged steel
- Hex shape with 3/8" square drive
- Suitable for cartridge oil filter housings with a hex on top
- Wide applications:
24 mm BMW / Mini, Chevrolet, Chrysler, Opel
27 mm BMW / Mini, Citroen / Peugeot, Fiat, Ford Europe, Mercedes-Benz, Renault
29 mm Dodge Cummins Fuel Filter Housing
30 mm Volkswagen Polo and Golf, SEAT Ibiza, and Skoda Fabia with 1.4 16V petrol engines
32 mm Audi / Volkswagen, BMW 3 Series E90/E91, BMW 5 Series E60/E61
36 mm Audi / Volkswagen, BMW, Ford F Series, Volvo
38 mm Opel / Vauxhall Vectra 2.0 CDTI

OF-9076A

- Material: S45C
- Surface Finish: Chrome plating

OF-9076C

- Hex shape in 27 mm, 32 mm, and 36 mm

GT-9214-1

8PCS WHEEL HANGER SET

- Wheel hangers for hanging tires while changing tires - a great helper during tire-changing seasons
- Also for stabilizing brake discs, preventing brake caliper from wobbling
- Insert the wheel alignment guide tool on the wheel bolt hole first, and hang the wheel and tire without needing to hold the tire in mid air and look for the wheel bolt hole
- Includes M12 × 1.25, M12 × 1.50, M14 × 1.25, M14 × 1.50.
- Two pieces for each size - helpful when doing tire rotation

Overall Length	150 mm / 5.9"
Material	S45C steel
Surface treatment	Chrome plating
Hardness	HRC 38-43

For wheel bolts in
M12 × P1.25, M12 × 1.50
M14 × P1.25, M14 × 1.50

- Can insert a screwdriver or bar to install / remove a wheel hanger

6PCS AXIAL PLIER SET

www.kaupa.com.tw

PLC-9030

- Auto-body, welding, garage repair work.
- Nickel plated finish and Electro deposited coating.
- Material: alloy steel and carbon steel.

PLC-9030-1

The W type Axial Plier clamps sheet metals allowing four consecutive spot welds without tool removal.

- For use on door openings, side panels, lap joints and folded sheet metals.
- Jaw Adjustment: 0-10mm
- Length: 200mm

PLC-9030-3

The LL type Axial Plier clamps a single flanged lap joint or butt joint or an adjacent joint.

- For use on door sills, wheel arches, side panels and folded sheet metals.
- Jaw Adjustment: 0-7mm
- Length: 213mm

PLC-9030-5

The L type Axial Plier clamps a lap joint or butt joint.

- For use on door openings, lower center rear-end parts, wheel arches and problem areas.
- Jaw Adjustment: 0-14.5mm
- Length: 195mm

PLC-9030-2

The JJ Type Axial Plier clamps a double flanged lap joint.

- For use on center rear-end parts, side panels and folded sheet metals
- Jaw Adjustment: 0-6.5mm
- Length: 230mm

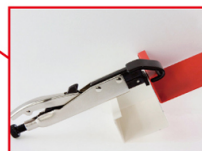

PLC-9030-4

The type J Axial Plier clamps a single flanged lap joint or butt joint

- For use on center rear-end parts, rear side panels and folded sheet metals.
- Jaw Adjustment: 0-10mm
- Length: 210mm

PLC-9030-6

The T type Axial Plier clamps two sheet metal pieces of equal thickness at 90 degrees.

- Enable easily work by one operator with efficiency.
- Jaw Adjustment: 0-8mm
- Length: 194mm
